About the Event

The University of Sydney and Women NSW are hosting "Bio and Beyond" as part of NSW Women's Week 2020.

High school students are invited to participate as audience members. Four teams from Sydney Girls High School and Presbyterian Ladies' College, Sydney will present their designs for the future.

Students will see cutting edge research into how bioengineering can solve problems relating to human health and the environment. Students will also learn how they can participate in the 2020 Sydney University Bioengineering Outreach Challenge.

How to participate

Students from Years 10-12 are invited to participate.

Register your school by emailing: Shannon.Bishop@fac.s.nsw.gov.au

Please note places are limited and RSVP's are essential.

Morning tea and lunch will be provided for all attendees.
